## About Me

• Passionate full stack developer with diverse skills set and a commitment to creating user-centric software solutions. My journey in software development has been shaped by hands-on experiences across various projects and internships, allowing me to develop expertise in front-end and back-end technologies.

## EXPERIENCE

### Software Developer - Intern

Oct 23 - Mar 24

#### Acumant, Stockholm/Sweden

At Acumant in Stockholm, I gained experience in developing front-end components using JavaScript, React, CSS and HTML. I optimized the components for maximum performance on different devices and browsers.

#### Key Responsibilities:

- Develop front-end components using JavaScript, React, CSS, and HTML.
- Optimize components for maximum performance across various devices and browsers.
- Contribute to the entire application lifecycle, focusing on coding and debugging.
- Troubleshoot and debug applications.
- Collaborate with cross-functional teams to define, design, and ship new features.
- **IT Tools:** React, JavaScript, HTML, CSS, Scrum, GitHub

### Frontend Developer

Mar 22 - Aug 23

#### Cubicl, Ankara/Turkiye

During this productive internship process, I contributed to my development by performing tasks in the following areas:

- Application Interface Design Fix    • Form Field Improvement
- Creating and Designing a New Page    • Fix bugs in the app
- This internship experience made a significant contribution to my better understanding of software development processes by providing me with the opportunity to successfully perform various tasks in real applications.
- **IT Tools:** React, JavaScript, HTML, CSS, Scrum, GitHub, Git Kraken, Linux OS, Docker

## Skills / Tools

- **Programming Languages:** JavaScript, Python, HTML, CSS, Bootstrap
- **Framework:** React, Django, Flask, Angular
- **Tools:** Git, GitHub, Firebase, Azure, AWS, Docker, Vs Code
- **Database:** MS SQL, Postman, MongoDB

## COURSES & BOOTCAMPS

### System Developer Python & IT-Security

Mar 24 - Present

#### Lexicon, Stockholm - Remote

- **Python programming basics:** HTML, CSS, JavaScript, Python, Scrum/Agile, UI/UX, Git, GitHub
- **Python programming Advanced:** Object Oriented, Web development, Django, Flask, REST
- **Database:** SQL, NoSQL, MongoDB, Cosmos, MySQL, SQLite
- **IT-security:** Penetration testing, Ethical Hacking, Skill injections, Encryptions, Social Engineering, Virtual Machines, Kali-Linux, Firewalls, OWASP
- **Cloud services:** Azure, Repl.it, DevOps, Docker

### JavaScript & React

Sep 2023 - Dec 2023

#### Technigo, Stockholm - Remote

- Modern, dynamic, and responsive web applications using JavaScript and React
- React; JSX, props, state, hooks, components, component lifecycle, React Router
- Working such as GitHub, Agile, Notion, Slack, Fig Jam, mob programming
- Redux; Global state, Redux actions, Redux toolkit, slices & reducers, immutability

### React Bootcamp

Feb 2022 - Apr 2022

#### Patika.dev, Istanbul - Remote

- **TypeScript:** Superset of JavaScript, Types, Interfaces, Robust Code
- **React Structure:** React Basics, Building Forms, Building React Project
- **JavaScript:** JavaScript Fundamentals, Debugging, Versions, Environments

### Comprehensive Software Education Program

Nov 2021 - Feb 2022

#### Ecole 42, Gebze

- **Shell Linux Tutorial:** Basic shell commands, Vim, and Git, Directory Management
- **C Language Functions Projects:** Simple software using classic algorithms, Peer to peer learning, discover access to the file system, and Learn management of the UNIX process

## Education 🎓

**Ahmet Yesevi University**

**Bachelor of Computer Engineering**

**2020 - 2023**

**Anadolu University**

**Bachelor of Civil Engineering (%100 English)**

**2011 - 2016**

## OTHERS 🚩

### Languages

• Turkish	Native
• English	Advanced
• Swedish	Intermediate

### Characteristics

- Easy Learner
- Ambitious
- Flexible
- Social
- Independent
- Stress Resistant

### Social responsibility 💖

#### Event 1: University Aid Campaign for Needy Elementary School Students

- Organized a donation campaign at the university to support economically disadvantaged elementary school students.

#### Event 2: Visits and Toy Distribution for Children Staying with Their Mothers in Prison

- Conducted visit to prisons to spend time with children who were living with their mothers.
- Distributed toys to alleviate boredom and provide a source of joy for the children during their stay.
- Provided school supplies and winter clothing to meet the needs of the students.
